Resolutions 8 to 10:

Agreements falling within the scope of Articles L.225-38 and L.225-42-1 of the French Commercial Code

Under the 8th resolution, and after you have reviewed the Statutory Auditors' special report referred to in Article L.225-38 of the French Commercial Code, the Board of Directors asks you to approve the regulated agreements and commitments approved during the 2018 fiscal year regarding the compensation components applied to the current Executive Corporate Officers, specifically:

- a supplementary defined benefit pension plan, which is also open to EssilorLuxottica senior executives classified as "IIC" or "HC" within the meaning of the French metallurgy industry collective bargaining agreement;
- a supplementary defined contribution plan applicable to all executives;
- a death/disability plan and health insurance plan for which the Executive Corporate Officers are eligible on the same basis as all executives;
- severance payment (in the event of forced departure);
- unemployment insurance for company managers and corporate officers (*Garantie sociale des chefs et dirigeants d'entreprise* – GSC).

Under the 9th resolution, the Board of Directors asks you to approve the commitments made to Leonardo DEL VECCHIO, Executive Chairman, relating to the defined benefit pension plan, the supplementary defined contribution plan and the severance payment in the event of forced departure.

With regard to Leonardo DEL VECCHIO's supplementary defined benefit pension plan, it is hereby specified that he did not begin to accrue performance-based benefits until January 1, 2019. Conditional accrued benefits are strictly proportional to the rates of achievement of the annual variable compensation up to a limit of 100% and may equal no more than 1.25% of his base compensation per year.

With regard to Leonard DEL VECCHIO's severance payment, this is set at two years' cash compensation (corresponding to the average of fixed and variable annual compensation received in the last three years prior to departure) and is subject to performance conditions related to the achievement of annual targets.

Under the 10th resolution, after reviewing the Statutory Auditors' special report and pursuant to Article L.225-42-1 of the French Commercial Code, you are asked to approve the deferred commitments made to Hubert SAGNIÈRES, Executive Vice-Chairman of the Company, as authorized by the Board of Directors at its meeting of November 29, 2018. As a reminder, Hubert SAGNIÈRES was an employee of the Group for 21 years before being appointed Chief Executive Officer of Essilor on January 1, 2010 and then Chairman and Chief Executive Officer until October 1, 2018. As part of his change in role effective October 1, 2018, the date on which Hubert SAGNIÈRES was appointed the Company's Executive Vice-Chairman, the Board of Directors decided to continue to grant the following deferred commitments to Hubert Sagnières under the same conditions as previously, in accordance with legal provisions applicable to regulated agreements:

- a supplementary defined benefit pension plan, as referred to above. As a reminder, since Hubert SAGNIÈRES had 20 years seniority in the EssilorLuxottica group at January 1, 2009, i.e. before his appointment as a corporate officer of the EssilorLuxottica group, he has not accrued any additional benefits since then. The pension and other post-employment benefit obligations that are applicable to him are therefore not subject to the procedure stipulated by Article L.225-42-1 of the French Commercial Code pursuant to the Macron law dated August 6, 2015. Consequently, no performance condition is required in this regard;
- a supplementary defined contribution plan, as referred to above;
- a severance payment not related to his corporate office but to his employment contract. Note that an amendment was signed in 2018 to align the basis for calculating the severance payment with the compensation policy applied to Executive Corporate Officers, approved by the shareholders at the Shareholders' Meeting on November 29, and adapted for the new EssilorLuxottica Group. Note, too, that the hive-down of Essilor's businesses led to the automatic transfer of Hubert SAGNIÈRES' suspended employment contract to the Essilor International (SAS) subsidiary, effective November 1, 2017. Under the employment contract, currently suspended and as amended by the addendum dated July 26, 2018, this benefit is capped at two years' cash compensation (corresponding to the average of annual fixed and variable compensation received in the last three years prior to departure); Thus, in the specific case of Hubert SAGNIÈRES, whose employment contract is suspended, a severance payment may be made if, following the termination of his corporate office, his employment contract is terminated at the Company's initiative within one year of its reactivation, except in the event of gross or serious misconduct.

These commitments approved by the Board of Directors at its meeting of November 29, 2018 pursuant to the regulated agreements referred to in Article L.225-38 of the French Commercial Code are described in the corporate governance report attached to the management report and in the Statutory Auditors' special report on the agreements referred to in Articles L.225-38, L.225-40 and L.225-42-1 of the French Commercial Code.

Eighth resolution

Agreements falling within the scope of Article L.225-38 of the French Commercial Code

The Shareholders, having fulfilled the quorum and majority requirements for voting at ordinary general meetings, and having read the management report and the Statutory Auditors' special report on related-party transactions and

agreements falling within the scope of Article L.225-38 of the French Commercial Code, approve said report and the agreements referred to therein, in accordance with said Article.

Ninth resolution

Approval of the undertakings referred to in Article L.225-42-1 of the French Commercial Code relating to the supplementary pension plan and the severance payment granted to Mr. Leonardo DEL VECCHIO, Executive Chairman, in the event of the termination of his term of office

The General Meeting, having fulfilled the quorum and majority requirements for voting at ordinary general meetings and having read the Board of Directors' report and the Statutory Auditors' special report on related-party agreements and commitments, in accordance with the provisions of Article

L.225-42-1 of the French Commercial Code, approve the commitments falling within the scope of said Article that may be payable to Mr. Leonardo DEL VECCHIO, Executive Chairman, in the event of the termination of his term of office.

Tenth resolution

Approval of the undertakings referred to in Article L.225-42-1 of the French Commercial Code relating to the supplementary pension plan and the severance payment granted to Mr. Hubert SAGNIÈRES, Executive Vice-Chairman, in the event that his suspended employment contract is terminated under certain conditions

The General Meeting, having fulfilled the quorum and majority requirements for voting at ordinary general meetings and having read the Board of Directors' report and the Statutory Auditors' special report on related-party agreements and commitments, in accordance with the provisions of Article

L.225-42-1 of the French Commercial Code, approve the commitments falling within the scope of said Article that may be payable to Mr. Hubert SAGNIÈRES, Executive Vice-Chairman, in the event that his suspended employment contract is terminated under certain conditions.

As such, it is hereby specified that the compensation policy for Executive Corporate Officers, which is subject to an annual vote, is set by the Board of Directors, acting on the recommendation of the Nomination and Compensation Committee, based on the following key principles:

- Compensation must be aligned with shareholder interests and foster the creation of long-term shareholder value;
- Compensation must be considered as a whole: all components of compensation (cash compensation, long-term incentives, social benefits and supplementary pension) and the balance of those components must be taken into account;
- Compensation must be competitive with regard to the practices of comparable European and international companies in similar markets;
- Compensation must be consistent with that of EssilorLuxottica's other senior executives and employees;
- The variable component must support EssilorLuxottica's strategy and must be closely linked to EssilorLuxottica's performance;
- Compensation must reflect EssilorLuxottica's culture and values;
- Compensation must be governed by simple, clear, transparent rules.

To take into account the concerns expressed by shareholders at the Combined Shareholders' Meeting of November 29, 2018, the compensation policy for Executive Corporate Officers, as described in the report on corporate governance, includes the following clarifications:

- publication of the composition of the panels used to benchmark market practices and the compensation levels of those panels;
- change in the structure of the annual variable component with a return to a predominant weighting of financial indicators in the annual variable component structure, and non-financial/CSR criteria incorporated into specific objectives;
- explanation of the long-term incentive philosophy and reduction in the annual cap on performance shares that can be awarded to Executive Corporate Officers;
- details on the performance conditions for the severance pay.

As part of this policy for the association of employees with the share capital of EssilorLuxottica, **Resolution 15** seeks to authorize capital increases reserved for members of a Company Savings Plan in the limit of 0.5% of the share capital. This resolution allows employees who are members of a Company Savings Plan to subscribe, in particular via monthly deductions from their pay, to a capital increase carried out at the end of the year.

The shares subscribed must be kept for a minimum period of five years or seven years pursuant to the plans (except in the cases of early release specified in the regulations).

The participation rate of employees in France in the Company Savings Plan reaches 90.14%. At December 31, 2018, active employees held 2.1% of the Company's share capital (out of a total of 4.4% for "internal" shareholders, which also includes retired employees and former employees of the Company).

(1) Same threshold as in the resolution approved by the Shareholders' Meeting on November 29, 2018.

The Shareholders' Meeting, deliberating in accordance with the quorum and majority requirements for extraordinary general meetings, having considered the report of the Board of Directors and the report of the Statutory Auditors and deliberating in accordance with Articles L.225-129 and L.225-138-1 of the French Commercial Code and Articles L.3332-18 *et seq.* of the French Labor Code:

- decides, pursuant to Article L.3332-21 of the French Labor Code, that the Board of Directors may provide for the allocation, to the above-mentioned beneficiaries, free of charge, of shares to be issued or already issued, in respect of the contribution that could be paid pursuant to the Company Savings Plan regulation(s), and/or the discount, provided that taking into account their equivalent pecuniary value, assessed at the subscription price, does not have the effect of exceeding the limits provided for in Articles L.3332-11 and L.3332-19 of the French Labor Code;
- decides that the Board of Directors shall have full powers, with powers to sub-delegate to the Chairman and Chief Executive Officer or, to the Vice-Chairman Deputy Chief Executive Officer, as the case may be, as permitted by Law and the Articles of Association, to implement this delegation, in particular:

 - at its own initiative, charge the costs of the capital increases to the amount of the premiums relating to these increases and deduct from this amount the sums necessary to bring the legal reserve to one-tenth of the new capital after each increase and, in the event of the issuance of new shares granted free of charge in respect of the contribution and/or the discount, if appropriate, debit to the charge any amounts required to pay up said shares against reserves, profits, or share premium,

The delegation thus granted to the Board of Directors is valid for a period of twenty-six (26) months from the date of this General Meeting.

Resolutions 16 and 17:

Financial authorizations for capital increase

Resolutions 16 and 17 are financial authorizations for capital increases; these resolutions are related to the partial renewal of the authorizations approved by the General Shareholders' Meeting on May 11, 2016 which expired in July 2018.

These resolutions are intended to give some powers to the Board of Directors to manage the financial affairs of the Company by way of capital increase while always allowing the existing shareholders to participate to any capital increase through a preferential subscription right.

These authorizations will be suspended and thus not valid in the event of a public tender offer for EssilorLuxottica's shares.

Resolution 16 authorises the share capital increase with preferential subscription rights.

Resolution 17, which intends to authorise the Board of Directors to proceed with a capital increase by capitalization of premiums, reserves, profits or other, for a maximum nominal amount of €500 million which does not entail any dilutive impact.

These authorisations are subject to restrictions set by French law.

- Firstly, each authorisation would be granted **for a period generally limited to twenty-six months**, and hence would be regularly submitted for your approval.
- Besides, the Board of Directors would only be able to increase the share capital up to strictly defined ceilings, above which the Board of Directors could not increase the capital again without calling a new Extraordinary Shareholders' General Meeting. These ceiling are defined in each resolution such as for a capital increase with preferential subscription rights, the ceiling is up to 5% of the share capital. The Board of Directors will report to the shareholders on the use made of the authorisations granted in these resolutions, in accordance with Article L.225-129-5 of the French Commercial Code.

Sixteenth resolution

Delegation of authority to the Board of Directors to issue shares and securities entailing a capital increase, with preferential subscription rights

The General Meeting, having fulfilled the required conditions for quorum and majority voting for extraordinary general meetings and having heard the report of the Board of Directors and the special auditors' report, and in accordance with Art. - delegates to the Board of Directors its authority to decide on one or more capital increase, in the proportions and at the time it sees fit, in France or abroad, either in euro, foreign currencies or any other currency unit established by reference to several currencies, through the issuance of (i) common shares or (ii) securities governed by Articles L.228-92 §1, L.228-93 §3 and L.228-94 §2 of the French Commercial Code (a) giving access immediately or later to share of the Company or another company by subscription, conversion, exchange, reimbursement, presentation of a bond, or in any other manner or (b) giving rights to the allotment of debt securities, it being specified that the subscription for such shares or securities may be in cash, or by offset of payable liquid debt, or in part by incorporation of reserves, profits or share premiums;
- resolves that the total nominal value of the capital increases that can be carried out immediately or later pursuant to this delegation must not exceed **5% of the Company's capital**, this limit having been verified at this General Shareholders' Meeting; to this ceilings shall be added, as the case may be, the additional number of shares to be issued in order to preserve, as required by law and, as the case may be, the contractual provisions for other adjustment conditions, the rights of the holders of securities giving access to a quota of the Company's capital;
- resolves furthermore that the nominal value of the debt securities that may be issued pursuant to this delegation must not exceed **1.5 billion euros** or the equivalent of this amount, if issued in another authorised currency;

- resolves that the shareholders have a preferential subscription right to shares and securities issued pursuant to this resolution in proportion to the number of shares that they hold. In addition, the Board of Directors may have the option to grant shareholders the right to subscribe for excess shares in addition to those for which they may subscribe as of right, in proportion to their subscription rights and within the limits of their requests;
- resolves that if the subscriptions as of right and, as the case may be, excess subscriptions, have not covered the entire issue of shares or securities, the Board of Directors may use, under the conditions provided by the Law and in the order it shall determine one or the other of the following options: freely allocate all or part of the non-subscribed shares and/or offer them to the public on the French market or abroad and more generally, limit the capital increase to the amount of subscriptions received, provided that such amount represents, after the use of the two options referred to above, if applicable, at least three-quarters of the approved issuance;

- resolves that this delegation cancels any unused portion of any prior delegation having the same purpose.

The delegation hereby granted to the Board of Directors will be valid for **a period of twenty-six (26) months** from the date of this General Meeting.

REPORT ON THE COMPENSATION POLICY FOR EXECUTIVE CORPORATE OFFICERS

Principles and criteria for the determination, distribution and award of the fixed, variable and exceptional components comprising the total compensation and benefits of any kind attributable to the Executive Corporate Officers of EssilorLuxottica, owing to the nature of their office (presented pursuant to Article L.225-37-2 of the French Commercial Code)

This report describes the principles and criteria for the determination, distribution and award of fixed, variable and exceptional components comprising the total compensation and benefits of any kind attributable, owing to the nature of their office, to the Executive Corporate Officers of EssilorLuxottica, currently the Executive Chairman and the Executive Vice-Chairman. These principles and criteria for the determination, distribution and award of compensation and benefits will be submitted to shareholders for approval at the Shareholders' Meeting on May 16, 2019, pursuant to Article L.225-37-2 of the French Commercial Code.

Without predicting the development of the governance of EssilorLuxottica, these principles and criteria will apply, where appropriate, to any successor to the Executive Chairman and Executive Vice-Chairman, until the next Shareholders' Meeting called to approve the compensation policy for Executive Corporate Officers. Similarly, these principles and criteria will apply, where appropriate, to any additional Executive Corporate Officers appointed during fiscal year 2019, until the next Shareholders' Meeting called to approve the compensation policy for Executive Corporate Officers. In addition, in the event that EssilorLuxottica has to appoint a Non-executive Corporate Officer, it will strictly comply with the recommendations set out in the AFEP-MEDEF Code.

It is specified that the payment of the variable remuneration components and exceptional components, if any, for fiscal year 2019 is subject to approval by the Shareholders' Meeting which will be called to approve the financial statements for fiscal year 2019.

When drafting the compensation policy for the Executive Corporate Officers, the Nomination and Compensation Committee considered any changes to be made to the policy in the spirit of ongoing improvement. The Committee relied in particular on the AFEP-MEDEF Code, the report of the High Committee for Corporate Governance ("Haut Comité de Gouvernement d'Entreprise"), the AMF report on corporate governance and executive compensation at listed companies, the expectations expressed by all stakeholders, the approval rates for resolutions on the Company's Executive Corporate Officers' compensation compared with those of other companies, and analysis of the market practices of comparable European and international companies. Accordingly, while this policy, like previous versions, is designed to encourage the creation of lasting value, the following changes have been made:

- publication of the composition of the panels used to benchmark market practices and the compensation levels of those panels;
- change in the structure of the annual variable component with a return to a predominant weighting of financial indicators in the annual variable component structure, and non-financial/CSR criteria incorporated into specific objectives;
- explanation of the long-term incentive philosophy and reduction in the annual cap on performance shares that can be awarded to Executive Corporate Officers;
- details of the performance conditions for the severance payment.

General principles

The compensation of Executive Corporate Officers is set by the Board of Directors on the recommendation of the Nomination and Compensation Committee, on the basis of the following key principles:

- compensation must be aligned with shareholder interests and foster the creation of long-term shareholder value;
- compensation must be considered as a whole: all components (cash compensation, long-term compensation, social benefits and supplementary pension) and the balance of those components must be taken into account;
- compensation must be competitive with regard to the practices of comparable European and international companies in similar markets;
- compensation must be consistent with that of the other senior executives and employees of EssilorLuxottica;
- the variable compensation must support the strategy of EssilorLuxottica and must be closely linked to its performance;
- compensation must reflect the culture and values of EssilorLuxottica;
- compensation must be governed by simple, clear, transparent rules.

Use of external consultants and market practices benchmark

The Nomination and Compensation Committee uses independent specialist firms to measure the competitiveness of the compensation for Executive Corporate Officers.

Compensation surveys cover European and international multinationals comparable to EssilorLuxottica in terms of revenue, number of employees, market capitalization, business sector, degree of internationalization, and performance profile.

These surveys provide the Nomination and Compensation Committee with external insight into the competitive positioning of the compensation paid to the Executive Corporate Officers and market trends. They are one of the elements used to determine the compensation of Executive Corporate Officers.

The composition and characteristics of the panels used in 2018 are described below:

WTW panel – 21 companies: 14 European and 7 American

Adidas	Colgate Palmolive	Diageo	General Mills	Kering	Mondelez International	Sanofi
Associated British Foods	Costco	Estée Lauder	Heineken	L'Oréal	Novo Nordisk	Starbucks
Astrazeneca	Danone	Fresenius	Henkel	Merck	Pernod Ricard	The Kraft Heinz Company

Mercer Panel – 16 companies: 12 European and 4 American

Colgate Palmolive	GSK	L'Oréal	Reckitt Benckiser
Continental	Henkel	LVMH	Richemont
Danone	Kering	Nike	Swatch Group
Estée Lauder	Kimberly Clark	Philips	Unilever

median	WTW panel	Mercer panel	EssilorLuxottica
Revenue (a)	€20 billion	€20 billion	€16.6 billion*
Market cap. (b)	€49.2 billion	€49.1 billion	€48.7 billion*
Ratio (b)/(a)	2.5	2.4	2.9
Number of employees	55,000	63,000	152,000*

* Data as at December 31, 2017, proforma combined revenue.

Each panel is mainly composed of European companies. Given the predominant weighting of the United States in the EssilorLuxottica Group's activities (around 50% of revenue and 35% of the number of employees), US companies were also included in the panels.

Six companies feature in both comparison panels.

The two comparison panels established for 2018 are likely to evolve in the future, notably to take into account key events likely to affect any of the companies in the panel or to include other companies with a comparable profile to EssilorLuxottica.

The compensation levels in the lower quartile and the median of each panel are shown below:

	Cash compensation		Total compensation	
	Lower quartile	Median	Lower quartile	Median
WTW Panel	€2,625,000	€2,985,000	€4,825,000	€6,505,000
Mercer Panel	€2,662,100	€3,285,000	€4,837,500	€7,415,100
EssilorLuxottica		€2,300,000		€4,582,500

The Board of Directors, on the recommendation of the Nomination and Compensation Committee, approved a target total compensation (fixed compensation + target annual variable component + performance shares valued under IFRS) around the lower quartile of the two comparison panels. This positioning is not prescriptive and is therefore likely to be reviewed.

Executive corporate officers

A) Sign-on premium for an Executive Corporate Officer (recruited externally)

A sign-on premium may be granted, in accordance with the principles established for these purposes by the AFEP-MEDEF Code to an Executive Corporate Officer recruited externally to compensate for the loss of benefits for which he/she was eligible in his/her previous position.

B) Determination, structure and distribution of annual compensation (fixed and variable)

Annual compensation consists of fixed compensation, an annual variable component and a long-term incentive in the form of performance shares.

The compensation structure for Executive Corporate Officers must reward performance, predominantly with long-term compensation in the form of performance shares.

The total compensation is made up as follows:

- fixed compensation: around 25% of total compensation;
- annual variable component: around 25% of total compensation;
- long-term compensation in the form of performance shares: around 50% of total compensation.

Therefore, almost 75% of the compensation of Executive Corporate Officers is performance-related.

This compensation structure and the performance criteria adopted by the Board of Directors must contribute to the achievement, year after year, of a high level of performance by the Company and the creation of lasting value that benefits shareholders and, to a greater extent, all stakeholders.

On October 1, 2018, in light of the governance of EssilorLuxottica with an Executive Chairman and an Executive Vice-Chairman with equal powers, the Board of Directors approved the principle of strictly identical compensation for the Executive Chairman and the Executive Vice-Chairman, on the recommendation of the Nomination and Compensation Committee.

Executive Corporate Officers are eligible for directors' fees for their term of office as director.

C) Fixed compensation

Fixed compensation must help attract talented individuals from within EssilorLuxottica, or from outside the Group if necessary, to the most senior management positions. It must also be sufficient to engage their commitment and loyalty to a long-term project.

It reflects the level of responsibility of the incumbent and must be consistent with market practices.

The matter of changes to fixed compensation is reviewed annually. The criteria taken into account when deciding on an increase are changes in the scope and level of responsibility, the incumbent's performance and development in the role, the positioning relative to the market for equivalent positions in multinational companies of comparable size, and the economic and social environment in the EssilorLuxottica Group's main countries.

On March 18, 2019, the Board of Directors, on the recommendation of the Nomination and Compensation Committee, decided to maintain the annual fixed compensation of the Executive Chairman and the Executive Vice-Chairman at €1,150,000.

D) Annual performance compensation (annual variable component)

The annual variable component rewards the achievement of the year's strategic financial and extra-financial targets.

The variable component is equal to 100% of the fixed compensation if targets are achieved in full. It may reach 200% (absolute cap) of the fixed compensation if the targets are very significantly exceeded.

Through its compensation philosophy, EssilorLuxottica wants to encourage incumbents to exceed targets and strive for outperformance, while limiting excessive risk-taking and focusing on sustainable performance.

The structure of the variable component and the nature of the targets are established at the start of each fiscal year, or in some exceptional cases during the year, for example if an Executive Corporate Officer is recruited during the year. The achievement of said targets is assessed at the start of the following fiscal year after the Audit and Risk Committee has approved the results.

The variable component must be based predominantly on quantifiable indicators, selected from those that allow the best possible implementation of the EssilorLuxottica strategy. The weighting of each indicator is reviewed annually according to the fiscal year's priorities.

For fiscal year 2019, 80% of the target variable component for Executive Corporate Officers is composed of financial objectives and 20% of specific objectives.

Financial targets regain a predominant weighting in the performance-based variable structure compared to the performance-based variables set for 2017 and 2018. With regard to specific targets, given the exceptional nature of fiscal 2017 and 2018, which were characterized by the announcement of the combination of Essilor and Luxottica, these accounted for 50% of the performance-based variable in fiscal years 2017 and 2018.

Financial objectives	80%
Restated net EPS*	50%
Growth*	30%
Specific objectives	20%

* Mainly due to the currency effect.

Financial objectives

A target level (corresponding to 100% achievement of the target) is set for each objective. The target level is set such that it represents an ambitious yet achievable goal. A minimum and maximum level is set based on that target level. The minimum level is the threshold that triggers achievement of the target: below this minimum level, no variable compensation is paid. The maximum level corresponds to the cap on the target achievement rate.

The level of achievement required for these targets is designed to be precise, strict and challenging, and for confidentiality reasons cannot be disclosed publicly.

To assess the achievement of financial targets, indicators are calculated by neutralizing factors outside the Executive Corporate Officer's control (such as exchange rate fluctuations).

E) Long-term compensation plan

The long-term compensation plans are designed to encourage the creation of lasting value for shareholders and to align the interests of the Executive Corporate Officers with those of shareholders.

EssilorLuxottica's long-term compensation plans have primarily taken the form of performance share awards pursuant to Articles L.225-197-1 et seq. of the French Commercial Code and the authorizations approved by the Shareholders' Meeting.

Performance share awards are a key component of EssilorLuxottica's compensation policy and are part of the strong culture of employee shareholding that the Group wishes to pursue.

Terms for performance share awards

Performance shares awarded to Executive Corporate Officers must comply with the following ceilings:

- Valued in accordance with IFRS applied when preparing the consolidated financial statements, an award may not represent an amount greater than 75% of target total compensation (corresponding to the sum of annual fixed compensation, target annual variable component for the fiscal year and the long-term incentive valued in accordance with IFRS);
- In accordance with the commitment made at the Shareholders' Meeting of November 29, 2018, the Board of Directors decided to reduce the maximum annual award for each Executive Corporate Officer. Therefore, an Executive Corporate Officer may not receive an award exceeding 3.5% (compared with 7% previously) of the total awards (stock options + performance shares) granted each year.

These awards are made during the same calendar periods. In exceptional circumstances, the Board of Directors may, on the recommendation of the Nomination and Compensation Committee, revise the award schedule. In this case, these changes are made public after the Board Meeting that approved them and will be disclosed in the Registration Document, in the summary table of the AFEP-MEDEF recommendations not applied.

Vesting conditions for performance shares

The vesting of performance shares is wholly subject to the achievement of performance conditions measured over a period of at least three years and an employment condition:

- The performance criteria selected are designed to ensure the creation of lasting value for shareholders and align the interests of all grantees (employees and Executive Corporate Officers) with those of the shareholders on the basis of the following principles:

- **Correlation between the gains for shareholders and grantees:** the vesting of the shares is directly linked to the growth in share price. If the growth in share price is insufficient, the grantees will receive no shares. As EssilorLuxottica has a long-term growth strategy and a strong culture of employee shareholding, this criterion has been considered the most relevant and best for sharing value creation.
- **Sustainable performance:** performance is measured over a period of three to six years. The number of shares received by grantees thus reflects the gains that would have been made over a medium-term period by a shareholder who invested at the award date. By extending the performance measurement period beyond three years if necessary, the scheme takes into account stock market volatility, seeks to promote sustainable performance by avoiding excessive and "short-term" risk-taking, and limits the dilution for the shareholder (compared to the dilution of stock options).
- **Transparency and simplicity:** performance can be measured in real time (by calculating the annualized growth in share price between two periods).
- **Additional requirements for Executive Corporate Officers:** additional performance conditions are imposed on Executive Corporate Officers. These are linked to the rate of achievement of the annual variable component of executives during the performance measurement period. Sustainable performance comes from achieving annual objectives year after year. If the average rate of achievement of annual objectives during the performance measurement period is less than 100%, a discount is applied to the number of shares received by the Executive Corporate Officers.

- A condition of employment for a minimum of three years is also stipulated to ensure grantees' long-term commitment to serve EssilorLuxottica. In cases of retirement, disability or death, this employment condition is lifted.

Other obligations

To strengthen alignment with shareholders' interests, the Executive Corporate Officers are required to keep one-third of the performance shares vested throughout their term of office. This requirement to hold shares no longer applies when they hold a number of EssilorLuxottica shares representing an amount equivalent to two years' target cash compensation (fixed + target annual variable component). The target cash compensation used is that for the year during which an Executive Corporate Officer intends to sell performance shares.

In accordance with the AFEP-MEDEF Code, the Executive Corporate Officers have pledged not to use any hedging strategies, until the expiration of their term of office, to manage the risk related to the shares awarded under long-term incentive plans.

Pursuant to the Directors' Charter, the Executive Corporate Officers are required, *inter alia*, to refrain from trading in EssilorLuxottica securities during:

- the period prior to the publication of any inside information of which they are aware;
- the 30 calendar days preceding the publication of the annual consolidated financial statements, semi-annual consolidated financial statements and, where applicable, quarterly consolidated financial statements, and the 15 calendar days preceding the publication of quarterly financial information. The Executive Corporate Officers are permitted to trade in EssilorLuxottica securities only from the day after the publication of the information concerned, provided they do not use any inside information. The Executive Corporate Officers are given the dates of blackout periods at the start of each year.

F) Exceptional compensation

Based on the recommendation of the Nomination and Compensation Committee, the Board of Directors may decide to award Executive Corporate Officers exceptional compensation under exceptional circumstances that must be disclosed in detail and justified. The payment of such compensation can only be made subject to the approval of shareholders pursuant to Article L.225-37-2 of the French Commercial Code.

This exceptional compensation may not exceed 100% of the fixed compensation of the Executive Corporate Officer.

G) Supplementary pension

The supplementary pension plan is designed to reward the loyalty of executives who have spent a significant portion of their careers with the EssilorLuxottica Group by entitling them to a retirement pension in line with market practices.

The supplementary pension plan is built around the following principles:

- a minimum length of service condition of 10 years with the EssilorLuxottica Group must be met in order to benefit from the plan;
- the pension benefit is proportional to the length of service with the EssilorLuxottica Group;
- the reference compensation on which the calculation of the final pension is based is calculated according to the gross compensation (fixed + annual variable component) paid over the last three years;
- the potential annual entitlement is below the statutory maximum of 3% and is subject to performance conditions;
- the final pension benefit is capped.

EssilorLuxottica reserves the right to adjust the supplementary pension plan to take account of legislative developments and market practices.

H) Death/disability and health insurance plans and defined contribution pension plan

The Executive Corporate Officers are eligible for the same death/disability, health insurance and defined contribution pension plans in force within EssilorLuxottica Group as managers and executives.

The defined contribution pension plan is based on a flat employer-contribution rate, currently set at 1% of gross compensation paid.

I) Benefits in kind

Executive Corporate Officers are eligible for:

- a company car, in accordance with the internal rules of EssilorLuxottica;
- unemployment insurance.

J) Suspension of the employment contract

Developing an effective long-term strategy means not only having a thorough knowledge of the market, customers, competitors and technologies, but also of the culture of EssilorLuxottica. For that reason, EssilorLuxottica prioritizes internal talent development as much as possible.

When an employee with at least 10 years' service with the EssilorLuxottica Group is promoted to an Executive Corporate Officer position, the EssilorLuxottica Group's policy provides for the possibility of suspending his or her employment contract. This avoids an employee's potential resignation or the initiation of a mutually agreed termination procedure for an employee who has been successful with the EssilorLuxottica Group.

K) Severance payment for Executive Corporate Officers

EssilorLuxottica's policy is to adhere strictly to the law and the recommendations of the AFEP-MEDEF Code. Thus, in the case of an Executive Corporate Officer eligible for a severance payment:

- this payment must be capped at two years' cash compensation (corresponding to the average of annual fixed and variable compensation received in the last three years prior to departure);
- this may only be paid in the event of a forced departure and is fully subject to the achievement of performance conditions.

In the event that the Board of Directors decides to include a non-compete clause in the employment contract of an Executive Corporate Officer, the combined amount of the resulting non-compete payment and severance payment, if any, may not exceed the limit of two years' cash compensation stipulated above in accordance with the AFEP-MEDEF Code.

In the specific case of an Executive Corporate Officer with a suspended employment contract that includes a severance payment, it will comprise:

- a severance payment required under law or related to the collective bargaining agreement (not subject to performance conditions), and
- a supra-legal severance payment that is wholly subject to performance conditions.

In any event, the total of both payments may not exceed two years of the aforementioned planned cash compensation, in accordance with the AFEP-MEDEF Code.

This employment contract severance payment may only be made within one year of the termination of the corporate office, at EssilorLuxottica's initiative. In the event of gross negligence or serious misconduct, no payment shall be due.

Performance is measured using the average rate of target achievement for the annual variable component of Executive Corporate Officers over the three years prior to their departure. These annual targets are set by the Board of Directors for Executive Corporate Officers in respect of their role as corporate executive directors, and are used to calculate their annual variable component. For an average performance rate of at least 50%, the termination benefit is calculated on a strictly proportionate basis up to a maximum of 100% (for example, if the average performance rate reaches 90% of the target, 90% of the termination benefit will be paid). If the average performance rate is less than 50%, no termination benefit will be paid.
