1. 2020 bonus of Leonardo Del Vecchio and Hubert Sagnières

The Board of Directors approved a variable component of €220,382 for Leonardo Del Vecchio and Hubert Sagnières. The 22.9% achievement rate reflects the impact of the Covid-19 crisis on the Company's results.

Detailed calculations are provided in Appendix 1.

Payment of the variable component due for 2020 is subject to the approval of the Annual Shareholders' Meeting called to approve the financial statements for the year ended December 31, 2020.

2. 2021 compensation policy for corporate officers

The Board of Directors approved the 2021 compensation policy. This policy follows on from the previous one, which was approved by the vast majority of shareholders.

For reasons of clarity and transparency towards the shareholders, two resolutions will be proposed at the Annual Shareholders' Meeting:

- one for the period from January 1, 2021 until the Annual Shareholders' Meeting, during which the Company's governance structure will follow the principles set out in the combination agreement;
- one for the period after the Annual Shareholders' Meeting, when the governance structure provided for in the combination agreement will no longer apply.

2021 bonus

The Board of Directors approved a variable compensation based exclusively on quantifiable objectives, including 90% of financial objectives and 10% related to the reduction in greenhouse gas emissions.

Objectives	Weighting
Growth in adjusted net earnings per share*	50%
Revenue growth**	20%

Unlocking of synergies	20%
Reduction in greenhouse gas emissions	10%

* adjusted, notably for the exchange rate impact

** at constant exchange rates, excluding strategic acquisitions

As in 2020, the variable component includes a "clawback" clause.

The targets decided by the Board of Directors for each criterion are not disclosed for confidentiality reasons. However, the achievement rate will be disclosed ex-post.

Pursuant to Article L. 22-10-8 of the French Commercial Code (*Code de commerce*), the compensation policy for corporate officers will be submitted for approval at the 2021 Annual Shareholders' Meeting. It will be presented in the Universal Registration Document, which will be published on the Group's website as from March 26, 2021, in section 2.3 "Compensation of corporate officers" of Chapter 2 "Report on Corporate Governance".

Long-term compensation

The Board of Directors decided on the following principles for the Fall 2021 award:

- The performance shares awarded will be subject to two performance conditions, both measured over a three-year period, and to a presence condition;

Objectives	Rationale
Main criterion: annualized growth in the share price	EssilorLuxottica's growth strategy must create shareholder value in the medium to long term. The shares must therefore vest in direct proportion to the growth in the share price and the gain that this represents for shareholders.
Penalty in the event of under-performance in relation to the EuroStoxx 50 index	EssilorLuxottica must outperform the EuroStoxx 50 index, otherwise a penalty is applied with respect to the number of shares that actually vest.

- The award limits applicable to corporate officers remain unchanged compared to the 2020 compensation policy.

3. Delivery of the retention cash-settled plan converted into free shares

On December 15, 2017, the Board of Directors of Luxottica Group S.p.A. approved the implementation of a retention plan. Delivery of shares under the plan was subject to:

- the completion of the combination between Essilor and Luxottica before December 31, 2018, and
- a condition of presence within the Group for a period of three years.

On March 7, 2019, on the recommendation of the Nominations and Compensation Committee and following the approval of the 9th resolution by the Extraordinary Shareholders' Meeting on November 29, 2018, the Board of Directors of EssilorLuxottica approved the conversion of the cash retention plan into a free share plan.

The Board of Directors' meeting of March 11, 2021 noted the verification of the presence condition on March 7, 2021. A total of 780,750 shares will be delivered to beneficiaries on March 18, 2021 (including 37,150 to Francesco Milleri, Chief Executive Officer of EssilorLuxottica since December 17, 2020).

The scales for the quantitative objectives (financial and non-financial) were set by the Board of Directors on March 5, 2020 and have not been revised.

The "strategic alignment" objective comprised the five following sub-objectives:

The assessment scale was defined as follows:

- 2 objectives met, 50% achievement;
- 3 objectives met, 100% achievement;
- 4 objectives met, 150% achievement;

The Nominations and Compensation Committee considered that four sub-objectives had been met, representing an achievement rate of 150% for the strategic alignment objective.

The "corporate social responsibility" objective comprised the two following sub-objectives:

- Create +10.7 million wearers at the Base of the Pyramid in 2020 through inclusive business and philanthropic actions;
- Create sustainable access to vision care for over 500 million people in developing communities by 2020.

The assessment scale was as follows:
